

## Performing Arts & Lunch time clubs

Our teachers are passionate about providing a library of experiences for our learners, and are pleased to offer a range of performing arts groups throughout the week, as well as fun clubs that take place during break times, at no cost to families. Lunchtime clubs are an opportunity for children to have fun and connect with peers, including peers from different year levels, who have similar interests and passions. Joining clubs is also an opportunity for children to increase their interests in safe spaces, and find belonging in different areas of the school.

All performing arts groups and clubs take place during school hours. No permission is needed, and children are encouraged to sign up and give things a go. Most clubs offer a "try-it-out" period, which usually spans the first few sessions, and is open to any student to come along and give it a go. After this time, club groups become confirmed. Some clubs are open to whoever throughout the year. Club notices and reminders are put in the student daily notices, which are read out to students each morning in class. Connect with your child's classroom teacher if you would like to chat about club opportunities for your child.

Below is a list of the current clubs we have available:

Activity	Teacher	Day	Venue	Time	Year Level
